Training Catalogue 2025

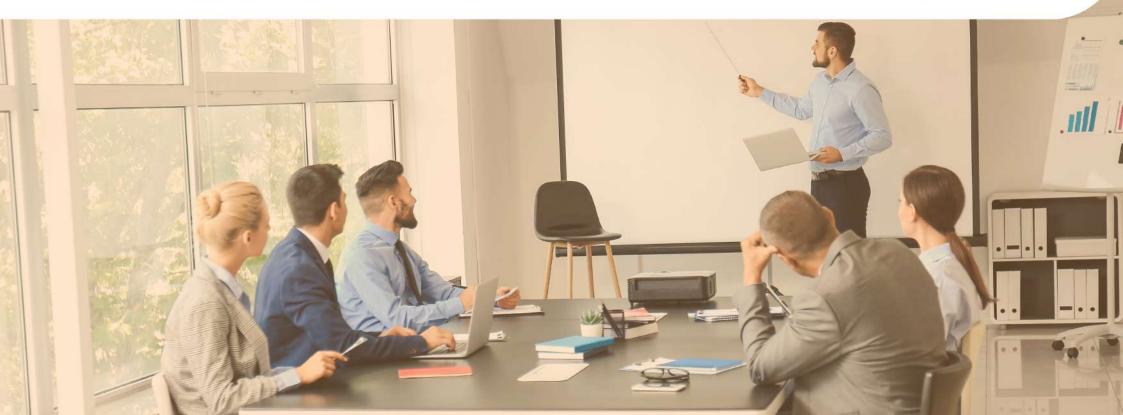

Future Manager Business School is the only training organization directly established by a Global HR Advisory Company, Future Manager World, which operates in 40 countries worldwide.

We provide advanced practical training programs aimed at acquiring skills and strategies useful for improving professional performance and business outcomes.

The teaching Method

Future Manager Business School

The objective is to provide flexible, innovative training tailored to individual needs.

TRAINING ON THE JOB Our programs include practical exercises, case management, and role-playing. INSTRUCTOR The instructor selected for FMBS Masterclass are professional with a corporate background.

ATTENDACE CERTIFICATE At the end of each FMBS Masterclass, an attendace certificate is issued.

PRACTICAL SKILLS

Acquisition of skills and abilities that can be immediately applied in any business or professional context.

Future Manager Business School

It is organized to study and offer diverse training programs while maintaing fixed and inviolable principles:

VALUE FOR MONEY

To ensure access to high-quality training, consistenly monitored by sectoral benchmark evaluations. ACTION LEARNIGN Teaching based on action learning with the aim of making the learner immediately operational. FLEXIBILITY Both in term of duration and content, as well as delivery, for customized programs.

STRUCTURED TEACHING

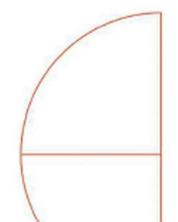

To ensure that the company and/or professional acquires all the technical skills necessary to enhance their professional performance.

We offer advanced training programs at both national and international levels, targeting a **B2B** and **B2C** audience. Our programs include small, mixed-class sessions with limited numbers and customized pathways, allowing for a better focus on individual needs.

TAILORED TRAINING

We are able to support companies through customized training with specific educational programs designed to meet diverse needs, particularly in cases where the company is undergoing restructuring of production processes or addressing specific challenges. Our instructors and consultants can support the company step by step with direct activity planning and constant, periodic monitoring.

The innovative spirit that distinguishes the Future Manager World Group, guarantees an educational offer in line with the market needs, by always being in line with the best international trends.
